

TECHNOLOGY ASSISTED COUNSELING (TAC) CONSENT, POLICIES, & AGREEMENT

This form is in **addition** to the regular Therapy, Policies, Agreement and Consent Form and Notice of Privacy Practices for Protected Health Information commonly known as HIPAA. You must sign both in order to participate in Technology Assisted Counseling (TAC) sessions. TAC incorporates email, phone and video counseling. Prior to engage in TAC an assessment/consultation will be done to assure that TAC is an appropriate form of counseling. This is to inform you about what you can expect regarding your participation in TAC counseling.

Benefits:

The benefits to TAC counseling are:

1. The ability to expand your choice of service provider.
2. More convenient counseling options including location, time, no driving, etc.
3. Reduces the overall cost and time of therapy due to not having to drive to and from and office.
4. Ability to have real time monitoring and reduces the wait time for scheduling office appointments.
5. Increased availability of services to homebound clients. clients with limited mobility, and clients without convenient transportation options.

Limitations:

It is important to note that there are limitations to TAC counseling that can affect the quality of the session(s). These limitations include but are not limited to the following:

1. I cannot see you, your body language, or your non-verbal reactions to what we are discussing, unless we conduct face to face sessions virtually.
2. Due to technology limitations, I may not hear all of what you are saying and may need to ask you to repeat things.
3. Technology might fail before or during the TAC counseling session.
4. Although every effort is made to reduce confidentiality breaches, breaches may occur for various reasons.
5. To reduce the effect of these limitations, I may ask you to describe how you are feeling, thinking, and/or acting in more detail than I would during a face-to-face session. You may also feel that you need to describe your feelings, thoughts, and/or actions in more detail than you would during a face-to-face session.

Logistics:

When I provide phone/video-counseling sessions, I will wait for your call you at our scheduled time or if necessary, will send you a link for our secure and HIPAA compliant video session. I expect that you are available at our scheduled time and are prepared, focused and engaged in the session. I am calling you from a private location where I am the only person in the room. You also need to be in a private location where you can speak openly without being overheard or interrupted by others to

protect your own confidentiality. If you choose to be in a place where there are people or others can hear you, I cannot be responsible for protecting your confidentiality. Every effort **MUST** be made on your part to protect your own confidentiality. I suggest you wear a headset to increase confidentiality and increase the sound quality of our sessions. Please know that I cannot guarantee the privacy or confidentiality of conversations held via phone, as phone conversations can be intercepted either accidentally or intentionally. Please assure you reduce all possibilities of interruptions for the duration of our scheduled appointment.

Please know that per best practices and ethical guidelines I can typically only practice in the state(s) I am licensed in. That means wherever you reside I must be licensed. However, some states have currently put an executive order in place due to the quarantine, allowing therapists to provide therapy in the states in which the therapist is not licensed. You agree to inform me if your therapy location has changed or if you have relocated your domicile to a different jurisdiction.

Connection Loss During Phone Sessions: If we lose our phone connection during our session, I will call you back immediately. Please also attempt to call me at the number you have for me, if I cannot reach you. If we are unable to reach each other due to technological issues, I will attempt to call you 3 times. If I cannot reach you, I will remain available to you during the entire course of our scheduled session. Should you contact me back and there is time left in your session we will continue. If the reason for a connection loss i.e. technology, your phone battery dying, bad reception, etc. occurs on your part, you will still be charged for the entire session. If the loss for connection is a result of something on my end, I will call you from an alternate number. The number may show up as restricted or blocked please be sure to pick it up.

Connection Loss During Video Sessions: If we lose our connection during a video session, I will call you to troubleshoot the reason we lost connection. If I cannot reach you, I will remain available to you during the entire course of our scheduled session. Should you contact me back and there is time left in your session we will continue. If the reason for a connection loss i.e. technology, battery dying, bad reception, etc. occurs on your part, you will still be charged for the entire session. If the loss for connection is a result of something on my end, we can either complete our session via. phone or plan an alternate time to complete the remaining minutes of our session.
